SUBJECT:	PISTON P/N 420 8875 50 - 420 8875 51 PISTON P/N 420 8875 53 - 420 8875 54
-----------------	--

Earlier this year piston, P/N 420 8875 50 was coded "use" to P/N 420 8875 53 and P/N 420 8875 51, 1st oversize "use" to P/N 420 8875 54. Rotax has now advised us to cancell this "use" due to dimensional differences. Therefore in your parts catalogs Mach Z '93 to '96 including Grand Touring 500 '96, SLS '96 and Summit 500 '96. Pistons to order are P/N 420 8875 50 standard, and 420 8875 51, 1st oversize.

P/N 420 8875 53 and 420 8875 54 apply to the 494 '97 Formula 500 DeLuxe, Formula 500, Summit 500, Grand Touring 500, Skandic Wide Track 500.

Make sure you correct this in your computer files or cardex if you loaded the original "use" as mentionned above.

MEMO TO: ALL SKI-DOO, SEA-DOO, JET BOATS DEALERS & DISTRIBUTORS

ATTENTION: PARTS & SERVICE MANAGERS

SUBJECT:	NEW NOVEMBER 1st, 1997 PRICE LIST
----------	-----------------------------------

You will receive shortly your November 1997 edition of the parts, accessories and clothing price list. In this edition, we have made the following significant changes.

The MOQ column has now been replaced by the sales unit column. This new column indicates in what format the item is sold to you, the dealer or the distributor. For example:

PART NUMBER	DESCRIPTION	YEAR	S/U	QTY	RETAIL	ITEM NO.	DIST	U/P
413 8029 00	Oil inj. 12 x 1L	1998	CS	12	XXX	XXX	XXX	BT

S/U is CS = sold by the case
QTY is 12 = 12 units (bottles) per case
U/P is BT = price is now per bottle
(Therefore your cost is now per bottle instead of per case.)

In order to assist you, you will find on the reverse side of the index page a detailed description of all the abbreviations used in the sales unit and unit price columns.

You will also notice a PAC symbol throughout the price list. This symbol indicates that the part is sold in packs and the number attached signifies the quantity. For example:

222 002 065 PAC-10
(this part number is available in a pack of 10 units and the price is per unit.)

Please take note that the new price list will be for Sea-Doo watercrafts and Sea-Doo Jet Boats products combined, thus resulting in one marine price list.

If you should have any inquiries about quantities and / or pricing, please contact one of our order desk clerks to confirm prior to placing your order.

SUBJECT:	HPG GAS SHOCK, P/N 415 0766 00 TRANSMISSION KIT , P/N 860 4235 00
----------	--

We would like to bring the following points to your attention:

1. When installing the gas shock, P/N 415 0766 00 as an option on models other than the Summit 670 and 583 1998, you must order the following two bushings, P/N 414 9360 00.

2. On the following models:
 - Mach Z 1998
 - Mach I 1998
 - Formula III 700 1998

You must change the drive chain when installing the transmission kit, P/N 860 4235 00, and must use the drive chain, P/N 412 1069 00.

The first kits shipped from our warehouse did not include the chain but all of these transmission kits that have been shipped after October 15th are updated.

Thank you for your cooperation.
